

# ALESSIO DI CRESCENZO

Lead Frontend Engineer

☎ 0681184220   @ me@alessiodicrescenzo.com   🌐 <http://alessiodicrescenzo.com/>   📍 Amsterdam

## SUMMARY

I'm a javascript developer with a comprehensive understanding in all areas of web development. With more than 8 years of experience, I'm helping companies to plan, design and deliver digital products. I'm applying latest concepts and frameworks in order to commit the highest possible value to the final client.

My experiences have helped me to master a diverse skill set ranging from design to development of customer facing products. I have a great ability to create pixel perfect User Interfaces, focusing as much as possible to the persona and problem that the product wants to fix.

## EXPERIENCE

### Senior Frontend Engineer

[Elsevier](#) 📅 10/2017 - Ongoing 📍 Amsterdam

Elsevier hired me for leading a team of 2 frontend developers and building a new web application for funding research opportunities.

<https://www.fundinginstitutional.com>

More than 50 Universities are using this product for handling and organising funding opportunities across their institutions.

- Creating from scratch a digital product for the funding ecosystem
- Collaborating with the product owner for implementing and planning successful analytics for relevant KPIs
- Leading and Mentoring the development team
- Leading interviews for hiring new developers for the AMS Tech Hub
- Providing solutions for improving user experience
- Defining tech roadmaps and priorities that fit product necessities
- Facilitating the refinement and planning sessions of scrum ceremonies

### Senior Frontend Engineer

[Bynder](#) 📅 01/2017 - 10/2017 📍 Amsterdam

I've joined the company to support the development of a new version of their digital asset management (WebDam).

- Working in agile environment using SCRUM
- Collaborating with 5 different teams on the same code base
- Fast pace delivery environment
- Collaboration in open source projects

## EDUCATION

### BACHELOR'S DEGREE -

Computer Science

[Università dell'Aquila \(Italy\)](#)

📅 2011 - 2014

GPA

101 / 110

## CERTIFICATION

### AND Digital - Scrum certification

## LANGUAGES

English   Proficient ●●●●●

Italian   Native ●●●●●

## EXPERIENCE

### Frontend Developer

DGT Media

📅 03/2015 - 01/2017 📍 Turin (Italy)

I've delivered high level designed websites for several businesses in Italy. Features built by me are currently running in the most of their main successful websites.

- Nomination from awwward for lamartina.com
- Pixel perfect websites
- High demand for javascript animation and webgl

### Frontend Developer

Prodigys Group

📅 2013 - 2015 📍 Milan

### Web Developer

IIS Consulting

📅 2013 📍 Milan

## SIDE PROJECT

### React imago 3d

📅 2017 📍 Amsterdam

React-Imago3d is a virtual reality editor. It makes WebVR easy by creating scenes using built-in 3d objects.

- <https://github.com/kenta88/react-imago3d>
- <http://react-imago3d.alessiodicrescenzo.com/>
- It's well known within the A-Frame community
- This project is mentioned in the official A-Frame blog

## FAVOURITE BOOKS
